

Working Together, Advancing Efficiency

PRELIMINARY AGENDA
CEE Winter Program Meeting
January 16-17, 2008 Long Beach, California

Wednesday, January 16

GENERAL SESSION

- 8:00-8:30** *Continental Breakfast*
- 8:30-8:45** Welcome and Introductions (Ed Wisniewski, Deputy Director, CEE)
- 8:45-9:15** The Growing North American Energy Efficiency Industry: An Overview of 2007 Budgets and Impacts (Monica Nevius, CEE)
- 9:15-9:30** Emerging Gas Opportunities in Commercial and Residential Space Heating (Kara Rodgers, CEE)
- 9:30-9:45** Next Steps for CEE's High-Efficiency Water Heater Initiative (Kara Rodgers, CEE)
- 9:45-10:15** ENERGY STAR New Homes: Strategic Considerations for the Future (Sam Rashkin, Environmental Protection Agency)
- 10:15-10:45** *Break/Networking*
- 10:45-11:00** Commercial Kitchens Initiative: New Products and Market Support (Afroz Khan, CEE)
- 11:00-11:15** CEE's Consumer Electronics Initiative: Update on ENERGY STAR Specifications and Program Design (Margie Lynch, CEE)
- 11:15-11:30** CEE's Residential Lighting Vision: A Member Perspective (Mark Michalski, NYSERDA)

11:30-12:30 Concurrent Sessions: Sector Priorities for 2008

- Gas: Progress Since the 2006 Gas Summit and Steps for 2008 and Beyond
- Residential: Moving Towards a Comprehensive Approach by Connecting End-Uses with Whole-House Efficiency
- Evaluation: Increasing Consistency, Coordinated Research, and Data Availability on Multiple Fronts
- Commercial: Deepening Commercial Energy Savings
- Industrial: Pursuing Major Industrial Opportunities

12:30-1:30 *Lunch*

1:30-3:00 Breakout Session I

- Residential Whole House Committee: Best Practices for Designing and Implementing an ENERGY STAR New Homes Program (Sam Rashkin, Environmental Protection Agency, and Margie Lynch, CEE)
- Residential Lighting Committee: Seeding Opportunities for Energy Savings— Discussion of *Lighting for Tomorrow*, Lighting Visioning, ENERGY STAR and Solid State Lighting (Rebecca Foster and Eileen Eaton, CEE)
- National Efforts to Improve Retail Energy Efficiency: The DOE Sponsored Retail Energy Alliance Initiative (Jason Erwin, CEE)
- Municipal Water and Wastewater Committee: Building a Common Framework of Energy Efficiency Measures in the Wastewater Sector (Toby Ast, CEE)

3:00-3:30 *Break/Networking*

3:30-5:00 Breakout Session II

- Gas Committee: Rolling out CEE's High-Efficiency Water Heater Initiative (Kara Rodgers, CEE)
- Consumer Electronics Committee: Moving Ahead with Program Design (Margie Lynch, CEE)
- Evaluation Committee: Exploration of Common Behavioral Research Needs and Interests (Monica Nevius, CEE)
- Commercial Kitchens Committee: Understanding Market Drivers of the Food Service Sector and Program Implications (Afroz Khan, CEE)

5:30-7:30 *Evening Reception*

Working Together, Advancing Efficiency

Thursday, January 17

GENERAL SESSION

8:00-8:30 *Continental Breakfast*

8:30-8:45 Welcome and Introductions (Ed Wisniewski, Deputy Director, CEE)

8:45-9:00 Expanding Opportunities for Savings: Delivering Efficiency with Renewables (Speaker TBD)

9:00-9:30 Measuring Energy Savings and Market Effects: Impact Evaluation Guidelines from NAPEE and EERE (Steve Schiller, Schiller Consulting, and John Reed, Innovologie—invited)

9:30-9:45 A New Tool for Residential HVAC: ENERGY STAR Proposes Quality Installation (Ted Leopkey, Environmental Protection Agency)

9:45-10:15 **Short Takes**

- Update on NEMA Premium as a Platform for Energy Efficient Commercial Lighting (Ed Wisniewski, Deputy Director, CEE)
- *Ask the Experts*: Helping New Program Administrators Ramp up to Speed (Marc Hoffman, Executive Director, CEE)
- *Motor Decisions Matter's* Progress Towards Phase Three Objectives (Toby Ast, CEE)
- Orienting Members to Data Center Efficiency Opportunities (Jason Erwin, CEE)
- CEE's Evaluation Workshops for Regulators (Monica Nevius, CEE)

10:15-10:45 *Break/Networking*

10:45-11:30 Staying in Sync with Commercial Building Energy Codes: National Trends and Impacts to Commercial Efficiency Programs (David Hewitt, New Buildings Institute)

11:30-12:15 Results from the Field: Testing Innovative Industrial Program Design (Ted Jones, CEE, Jennifer Eskil, Bonneville Power Administration, Bill Welch, Eugene Water & Electric Board, and Bryan Warren, Southern California Gas Company)

12:15-12:30 EPA's Climate Technology Initiative: Priming the Market for Promising, Earth Friendly Opportunities (Kathleen Hogan, Environmental Protection Agency)

Working Together, Advancing Efficiency

12:30-1:30 *Lunch*

1:30-3:00 **Breakout Session I**

- Residential/Small Commercial HVAC Committee: Three Critical Components of Quality Installation— Discussion of ENERGY STAR’s Proposal, the ACCA Verification Committee, and Member Pilot Program Results (John Taylor, CEE, and Ted Leopkey, EPA)
- Evaluation Committee: Discussion on Impact and Process Evaluation Guidelines from NAPEE and DOE (Monica Nevius, CEE, Steve Schiller, Schiller Consulting, and John Reed, Innovologie)
- Commercial Lighting Committee: Emerging Technologies in Street and LED Lighting (Kate Baldacci and Jason Erwin, CEE, Terry McGowan, Lighting Ideas Inc., and Daryl DeJean, Pacific Gas & Electric)
- Industrial Program Planning Committee: Innovative Industrial Program Designs (Ted Jones, CEE)

3:00-3:30 *Break/Networking*

3:30-5:00 **Breakout Session II**

- Heating up Gas Savings: Commercial Space Heating (Kara Rodgers, CEE)
- Evaluation Committee: Findings from CEE’s Research into Impact Terminology— Advancing Consistency in Terminology (Monica Nevius and Johanna Krouk, CEE)
- Data Centers and Servers Committee: Making Use of Utility IT Expertise to Inform Data Center and Server Programs (Jason Erwin, CEE)
- Industrial Program Planning Committee: Assessing Opportunities for Efficiency Programs to Leverage DOE-sponsored R&D Projects (Ted Jones, CEE)
