

ASK THE EXPERTS

Webinars for Newcomers to Efficiency Program Administration

Marc Hoffman
Executive Director

Working Together, Advancing Efficiency

Supporting Successful Energy Efficiency Programming as part of the National Action Plan

- Tapping the experience of CEE members
- Helping newcomers to program administration or to energy efficiency programming quickly get up the learning curve
- Supported by the DOE Office of Intergovernmental Relations and CEE
- Not a course, a focused consult

Sessions – Past, Present and Future

- ENERGY STAR: Platform for Local Programs
- Evaluation Methods for Market Effects
- Fundamentals of Motor Program Design
- Residential Gas Heating Programs
- ABC's of Commercial Lighting Programs
- CFLs: 3 Program Types
- Commercial HVAC Program Opportunities June 18
- Engaging Industrial Customers June 25
- Infield Efficiency in Residential Central AC June 26
- Residential Gas Water Heating Programming July 10
