

Table 12: Estimated 2006 Annual Demand Savings from CEE Members' Electric Energy-Efficiency Programs, by Region¹

	Residential Programs	Low Income Programs	Commercial & Industrial Programs	Other Programs	Total MW
	<i>in MW</i>				
New England and MidAtlantic	512	142	1,614	10	2,279
Midwest	306	12	608	10	936
Southwest	164	1	222	0	387
Pacific Northwest	51	4	39	54	147
Southeast & South Central	786	4	232	0	1,022
California & Hawaii	406	13	1,721	11	2,151
Total	2,225	176	4,437	85	6,922

¹ Based on estimated 2006 savings from measures installed in 2006, as well as from measures installed as early as 1992 that were still generating savings as of 2006. The results have been aggregated to maintain confidentiality.
