

CEE Consumer Electronics Initiative

Television Qualifying Products List

November 17, 2008

This list is based on the 2008 CEE High Efficiency Specification for Televisions.

Please See Terms of Usage below

CEE does not administer rebate programs. Consumers who have questions about filling out rebate forms should contact their local efficiency program administrator (often the local utility).

Key

- An asterisk(*) indicates that a coding variable may be used in place of the asterisk to indicate a color or feature that does not affect efficiency.
- *Red Italics* indicate that a product is inactive.
- Although all models on the CEE list are very efficient, the tiers are structured so the most efficient products are listed in the higher tiers. For example, Tier 2 would contain the most efficient models.
