

LIGHTING *for* tomorrow

Kelly Gordon
Pacific Northwest National Laboratory

Yearbook Competition

- 55 entries
- 10 winners
- 16 honorable mentions
- 10,000 Yearbooks printed

Indoor Fixture Families

All kinds of indoor and outdoor lighting fixture families that competed to appear in the Yearbook. The judges selected 20 fixture families in the indoor category. 7 designs were selected as 2008 Lighting for Tomorrow winners, while 12 additional designs were deemed honorable mentions. In the outdoor category, 7 designs were recognized as winners, with 4 others earning honorable mentions. Their designs were submitted by the fixture manufacturers listed below. Lighting for Tomorrow competitions seek out the most exciting, innovative and best design ideas to be showcased in the yearbook.
