Key

- *Red italics* indicate that a product is inactive.
- *Blue italics* indicate a U.S.-only model.
- *Green italics* indicate a Canada-only model.
- Asterisks (*) indicate that a coding variable may be used in place of the asterisks to indicate a color or feature that does not affect washer efficiency.
- Although all models on the CEE list are very efficient, the tiers are structured so the most efficient products are listed in the higher tiers. For example, Tier 2 would contain the most efficient models.

CEE does not administer rebate programs. Consumers who have questions about filling out rebate forms should contact their local efficiency program administrator (often the local utility).
